“We are extremely pleased with our growth and financial performance in 2015. The past year was a transformative year for the Company as we experienced significant growth across the board while also augmenting the strength of our operations with strong talent as we expanded our footprint in a meaningful way into the United States, led vastly by Glenn Watchorn’s leadership and relationships with some of the well recognized developers and investors in this market,” said Y. Dov Meyer, Chief Executive Officer. “As we move into 2016, we look to deepen and expand our relationships of borrowers and co-investors both in Canada and in the U.S. and to continue to scale our portfolio and business in a methodical and prudent manner,” he further said.

“Our investment portfolio delivered another quarter of earnings and book value growth,” noted Glenn Watchorn, President and Chief Operating Officer. “During the year, we made significant progress in placing capital in more senior positions within the capital structure, specifically in the U.S. while maintaining our strong return on capital targets. We believe that there is a very large and underserved market in the U.S. for Terra Firma’s type of capital and, looking ahead we are optimistic and look forward to another exciting year.”
